

Simulation Ends 3D Printed Fashion

- 3D printable fabric
- Simulation created flexible patterns with varied mechanics

A person with dark hair tied in a bun is seen from behind, wearing a black textured sweater. The word "IMAGINE" is printed in large, red, slanted capital letters across the lower back of the sweater. The person is holding the collar of the sweater with their right hand. The background is a bright, out-of-focus window with vertical blinds.

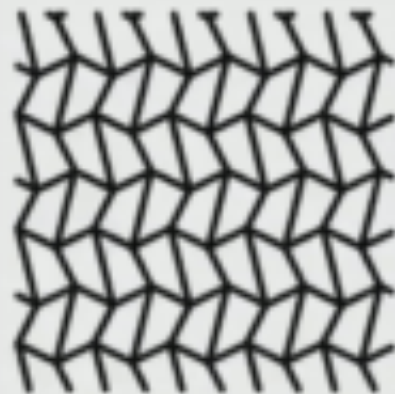

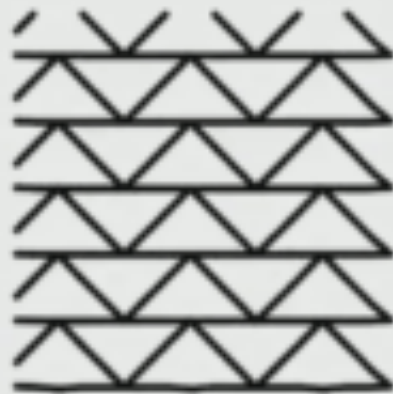

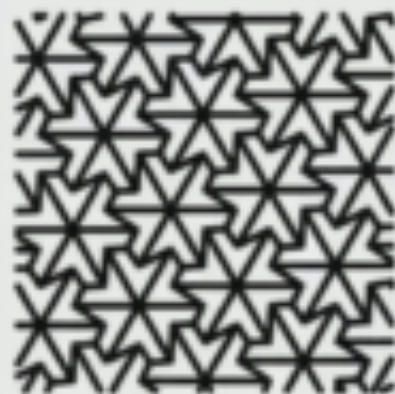

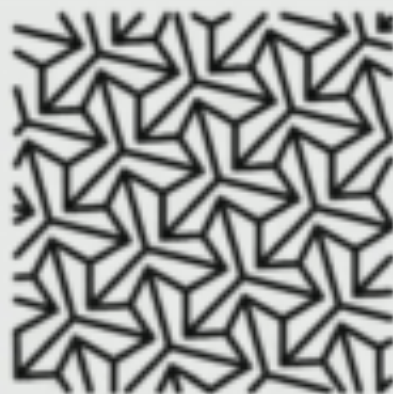

IMAGINE
